Dedication — To the People of Johnstown

During the night of July 19 and the early morning hours of July 20, a series of thunderstorms stalled over west-central Pennsylvania. In some parts of the Greater Johnstown vicinity, up to eleven inches of rain fell, causing severe flooding over a several-county region. The areas most devastated by the flood were within the city limits of Johnstown, with damage running into the hundreds of millions of dollars. But as dawn broke on the morning of July 20, citizens already were beginning the massive task of cleaning up and rebuilding their city. As their fathers and grandfathers before them had done after the floods of 1889 and 1936, the people of Johnstown in 1977 immediately showed the spirit and resolve to rebuild bigger and better than before the flood. And so it is with great pride in our city and its residents that we dedicate this 1978 Johnstown High School *Spectator* to *all* the citizens of Johnstown, whose pride and determination will breathe fresh life into the city they love.

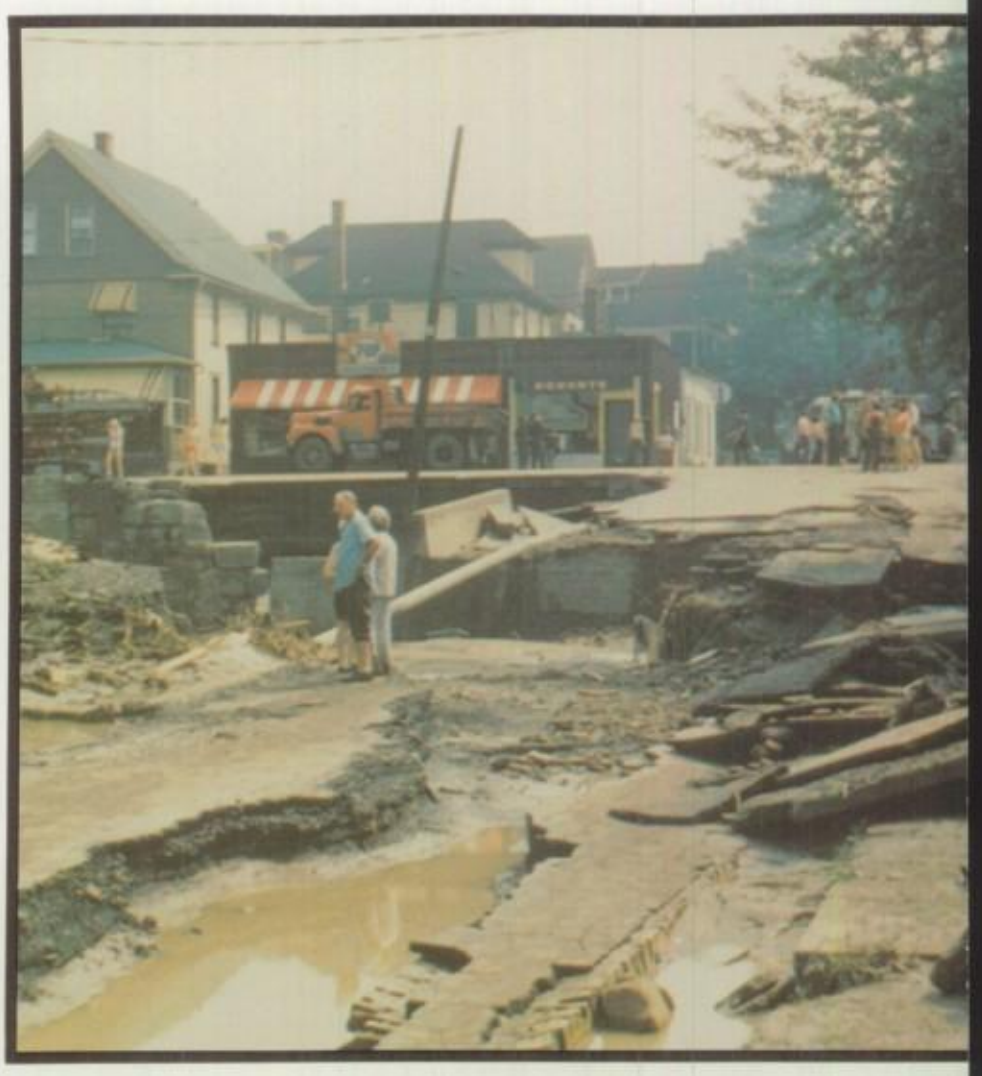
The pictures of the following pages were taken following the Flood of '77, most of them on the morning of July 20. We are grateful to the Johnstown *Tribune-Democrat,* Cover Studio, Curt Davis and Frank Bevilaqua for providing photographs for our use.

In the wake of the flood, to make matters worse, Johnstown, among many other steel cities, was made frightfully aware of the damage that foreign imports were causing to U.S. Steel Industry. Because we, the students at J.H.S., knew that the flood was already bogging our city with problems, we decided to fight the import problem. To do this, Mr. McCloud's English classes and the Yearbook Staff wrote letters to President Carter expressing their concern over the foreign steel situation. Students asked for help because of the flood and also the news that Bethlehem Steel announced cutbacks. A flood T-shirt that read on the back "Dear Jimmy, Help!" Johnstown , was sent to the Chief Executive.

WE WILL REBUILD TOGETHER

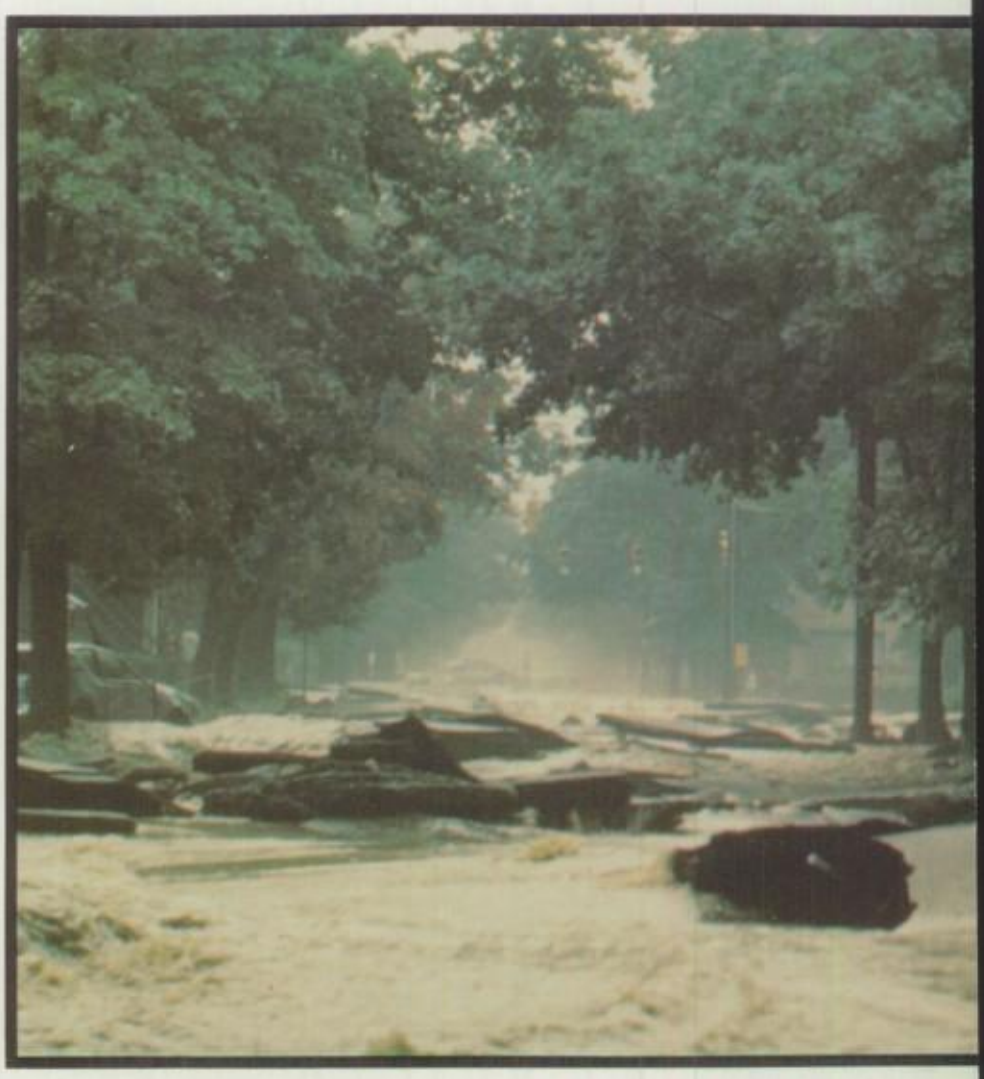
It seemed like just a heavy thunderstorm to me that night. But in the morning when I looked out my window and saw all the neighbors gathered in the street, I knew it was much more. Wondering what had happened, I got dressed and went outside. When some neighbors told me of the flood, a friend and I started walking toward Morrelville. At first I hadn't fully realized the impact of the flood. But soon the destruction and devastation became all too apparent. Cars were overturned and crushed. Telephone poles were toppled, the wires now just a tangled mess. The roads had large chunks chewed out of them. Water was still flowing in many places, providing a stark reminder of the fallacy of our nickname "flood free city". I thought about how the city had looked before the flood and the possibility of its looking like that again. I knew it would take a long while to rebuild. But I also knew that we would—just like we had, twice before.

—David Elliott



People stare in disbelief at the destruction caused by the overpowering flood waters.

The National Guard used their rescue training to help trapped citizens.



Moxham's Ohio Street was among the many roads that couldn't take all the pressure and force of the flood waters.

The flood waters proved to be too much for this home on Messenger Street.

A National Guard truck plows through the muddy waters downtown in an attempt to rescue victims.

I was rudely awakened from my sleep by a frantic pounding on the door. I looked at my alarm clock, 6:00 A.M. I couldn't imagine who would be knocking on our door at that time of the morning, so I just turned over, choosing to ignore it. But the knocking persisted, and I finally got up to answer the door. My brother and his wife rushed into the house. His first words were, "Johnstown's flooded!" I couldn't believe it. By this time my mother and my other brother were up, and they heard the shocking news. We quickly got dressed and jumped into my brother's Jeep. He drove through Moxham, where we saw the water, mud and debris. Even though it was only 6:30 in the morning, the streets and sidewalks were crowded with people, out to see the rushing flood water and the damage. We drove as far as we could near Ohio Street, which resembled a raging river. I sat staring, not able to believe what I saw; huge slabs of cement were uprooted from the road.

Later that afternoon, after the water had receded slightly, we waded through knee-deep mud to Central Avenue. Cars in the U.S. Steel parking lot were sitting helter-skelter in the mud. We made our way to the bridge by Cochran. The water level in the river was so high that it was a miracle that Cochran was not flooded. We traveled on, across the bridge by Valley Pike and into Hornerstown.

I was hot, tired and muddy as I turned back toward home. And I was thankful that I still had a home to return to.

—Traci Muenzer

Part of what used to be Messenger St.

'77 Graduate Becky Hunter's house was totally destroyed.

On the morning of the flood I sat in our dining room listening to the radio. It was hard for me to grasp the idea that several people were dead in an area just a mile away from where I was. It was also unbelievable to me that downtown Johnstown, a place I had been the day before, was covered with mud and water.

Sure, we had a couple of inches of water in our basement, but that was caused by excessive run-off from the hillside. But to have several feet of water would have been frightning.

While listening to the radio, I remembered my mother's stories of the flood of '36. Her house had been swamped with mud since she lived right by the Stoneycreek. She and her family spent many days shoveling out the mud and cleaning the house. Even years later when they changed the wall paper they had dried mud coming off the walls, even though they had scrubbed both walls and floors to perfection.

Those days in July were hard times for many people, and there are more hard times ahead. But we, the people, will live through them with everlasting faith.

I was watching the All-Star game that evening and every now and then I would venture onto the porch to watch the electrifying display of lightning, a display that would improve its performance as the evening progressed. Surprisingly enough, the rain did stop for a brief moment sometime around 9:30 p.m., but we've had thunderstorms before and there didn't seem to be anything special about this one. Sometime after ten o'clock the rain resumed its steady beat. The T.V. blacked-out soon afterwards, and the next thing I remember is someone saying, "Hey! We have water in the cellar!" Immediately we turned on the pump and started a bucket brigade to bail the water out. This wasn't too difficult, since ther are six members in my family. Practically all the families on our block were older couples and could do nothing but watch. We were luckier than most; at least we had a fighting chance. The water outside was rising steadily, but we managed to keep the water in the cellar down to only a few inches. That is, until the electricity went out. The pump stopped. The lights flickered briefly before they too gave in. Now we could do nothing but watch. My brother and I grabbed some tool-kits on our way up; they were some of the few things we managed to salvage from our cellar.

"The cars!" I completely forgot about the cars. I looked outside and saw that the water was up to the doors. Our neighbor's driveway was an ideal spot. I managed to save the first one. But the second was destroyed by the raging water.

When the water was within six inches of the first floor, we started carrying some of our valuables upstairs. After that we could do nothing but sit and watch the water rise.

—John Valkovci

Rushing water damaged garages and pavement.

Around 12:30 A.M. my brother and I awoke to a furious pounding on the back door. It was our next-door neighbor, who warned us that most of the cellars were flooding. He offered to turn off the gas in the basement. When the cellar windows broke from the force of the raging water, we began concentrating our efforts on the first floor. Somehow that early morning we both acquired superhuman strength. In the light of one candle and a flashlight, the two of us carried much of our furniture to the second floor.

I remember looking out our back window and feeling so helpless. Parts of trees, things from our garage, and even an old mattress flowed through my back yard. What captured my attention most was the five cars the water had stacked up against my neighbor's house. I'll never forget the relentless noise of that rushing water. The water and mud and debris filled my basement and stained the kitchen floor.

When the sun came out that morning, so did the people. Most of us looked at the situation with mixed feelings. Along with the shock were bits of humor and wisecracks. It seemed the only way to act out the morning or the disaster would have been too much to take. Enough heartbreak would come later.

Mr. Kaufmann, a driving instructor here at JHS, helped many nurses and doctors out of Lee Hospital.

All through the night I got up to look across our yard at the neighbors' house. At times I couldn't see it, although it was only ten feet away. Other times the lightning lit up the sky and I could see as easily as if it were high noon.

Not knowing how bad things were, I got up to go to work at J.A.T.S. (Johnstown Automatic Transmission Service), my father's business. My dad and I just couldn't believe it when we got to Ohio Street. The whole street had been torn apart. We turned around and went home.

A couple of days later we went downtown to clear the parking lot at Lee Hospital with our tow truck. When we pulled one of the cars from the debris we were nearly overcome by a terrible stench. We called over the National Guard. They pulled the body of an elderly man from the car. It was hard to believe he had died right next to the hospital. We towed some more cars, but thank God we found no more bodies.

—John Cafeo

I never thought anything so terrible could happen to my little community of Tanneryville. Floods happened to other people, but not us. I live up on a hill called Wildcat and I thank God for that. Those of us who were lucky enough to survive the flood will never be able to understand the terror and tragedy the people below us faced that night. That morning I woke to my dad's screaming words, "Oh, my God, there's no more Hollow!" He named names of families believed dead, houses and businesses completely washed away. I couldn't comprehend any of this. I thought it was a big exaggeration. But when I got to what was left of the bottom of our hill, I understood why he had been so frantic. What had once been a little creek was now a raging river. People were just standing around staring. One of my father's friends asked me if I had seen or heard anything about his daughter and her baby. I told him no. Now in tears, he started wading, waist deep, through the water toward her house. Later I learned that they both were dead. Only a minute later, a good friend of mine came up to me and said his girlfriend was dead. He hugged me and held on so long and so tight. Speechless, I wished there were something I could say that might possibly comfort him. But there was nothing I could do. There was nothing I could say to anyone who lost family or friends, but I could give my all to help them get back on their feet again. The flood brought the people of Tanneryville a lot closer together. We'll never be the same again, but those of us who survived will always have a special love for one another.

A typical scene on Cooper Avenue in Tanneryville.

When I went to sleep that night I didn't realize that something like this would happen. I thought it would just be another rainy night in July, but I was wrong. The rain was beating down heavily on the roof and the windows. As I lay in bed listening to the crackling of the lightning and the loud claps of thunder I hoped that those bolts wouldn't strike the house. Soon I fell asleep but was wakened at 2:30 by my father. I looked outside from the porch and I couldn't believe what I saw. There was muddy brown water everywhere. It was to the third step on the porch. There was water rushing over the banks of the creek behind Bheam School and coming through the yard.

I guess as long as I live I will be able to remember the crash of the water rushing past and the stench of the mud after the flood.

When the sun came out I could see the devastation caused by the flood. Cars were upside down. Trees were uprooted. Morrellville was a mess.

I wondered if we were the only ones hit by the flood. There was a lot of confusion and nobody was really aware of how terribly the city and surrounding communities had been hit.

The morning after the flood dawned peaceful over the city. There was an almost poetic stillness in the water surrounding the high school, belying the terror of the preceeding night. In her fury, Nature had claimed 77 lives and left 9 missing in the wake of the Great Flood of '77.

PRINCIPAL BLAINE GJURICH

This year at JHS the job of principal has been undertaken by a new man, Mr. Blaine Gjurich. He is filling in for Mr. William Grove, who is on sabbatical. Mr. Gjurich is a graduate of Waynesburg College and received his masters at West Virginia University. He also took advanced studies at C. W. Post.

Mr. Gjurich is a man who is able to relate to students very easily and yet maintain the firm hand needed to keep things on track. He realizes the responsibility of his job is making decisions; decisions which effect everyone who surrounds him, especially the students. Because of his casual friendliness they trust him in making only the best decisions where they are concerned, and know that when he says, "I'll never lie to you," he is speaking nothing but the truth.

"Spectator," August 11, 1894

"I had a little hammer once
With which I used to strike
And I went knocking everywhere
At folks I didn't like.

I knocked most everybody
But I found it didn't pay
For when folks saw me coming
They all went the other way.

I've thrown away my hammer, now,
As far as I could shoot,
And taken up a booster horn
And you should hear it toot!

I'm glad I'm with the boosters now,
I like the way they do.
If you'll throw your hammer down
I'll get a horn for you!"

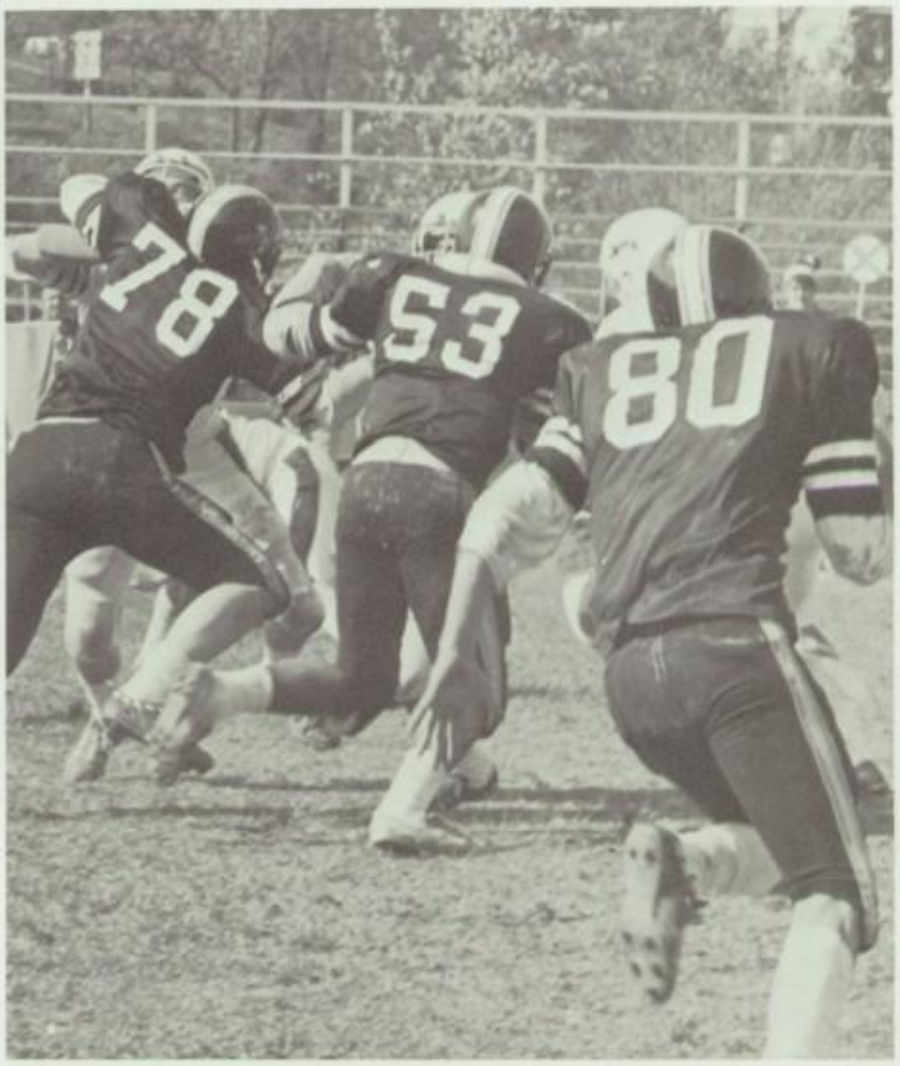
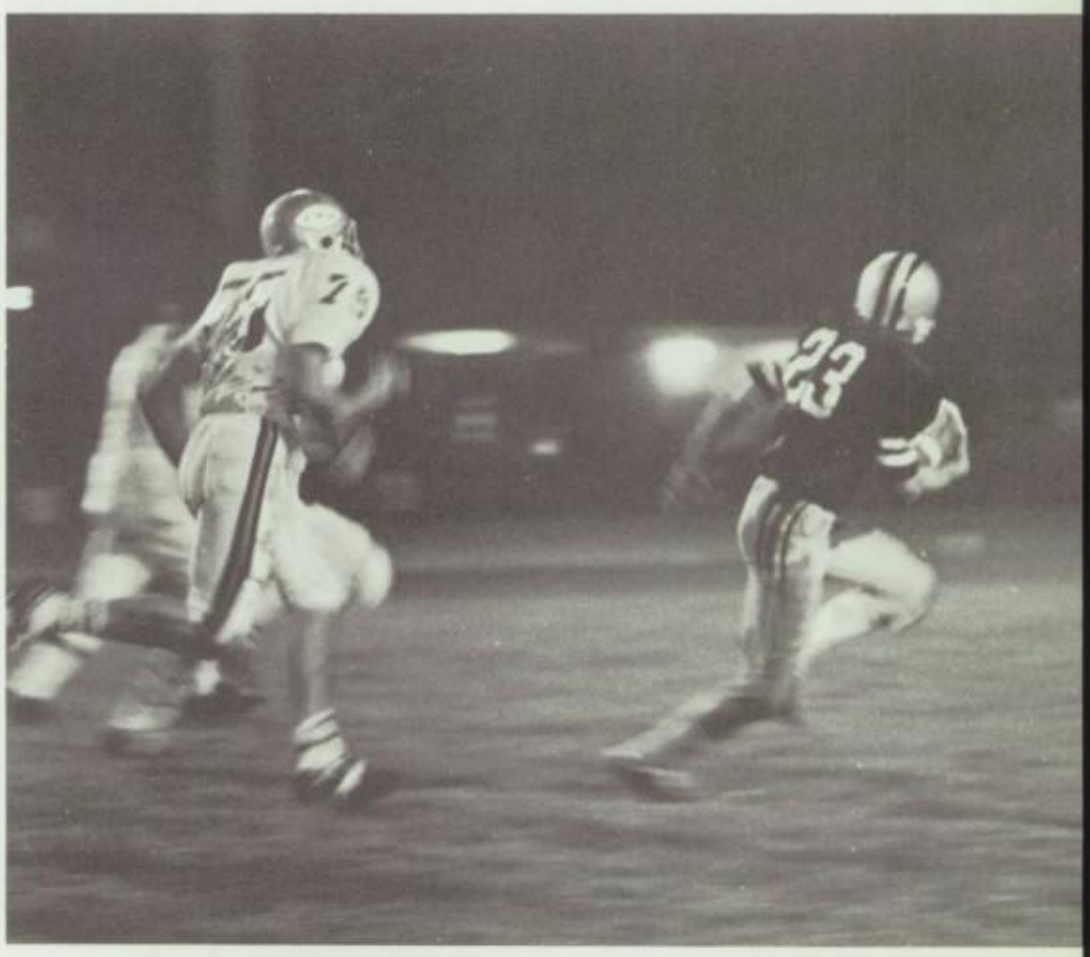
Lower Right: Dan Kanuch sees nothing but end zone as he breaks away from Valley defenders. *Lower Left:* This year's coaching staff was Ed Dreikorn, Bob Arcurio, Chuck Kist, John Sholtis, Sam Speranza, and Head Coach Ron Carnicella.





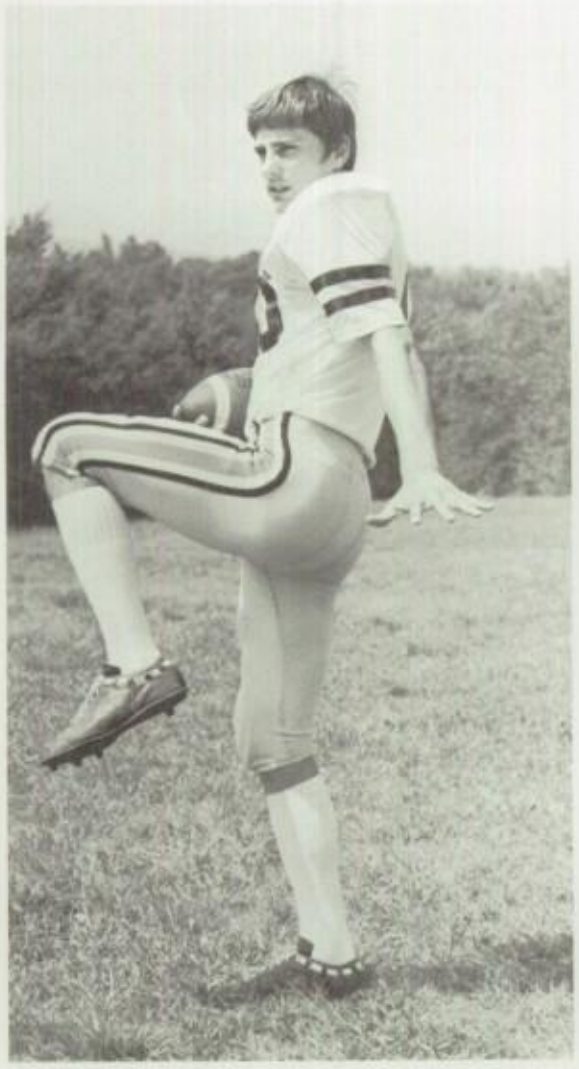
This was a year when our football team had to overcome many obstacles. They had to move out of the Point Stadium because of the flood and into Windber Stadium for afternoon games. The team also felt the pressures that followed last year's 0-10 record.

While most of the players were cleaning up the mud around town, they were getting letters in the mail from Coach Carnicella telling them to start conditioning their minds and bodies for the upcoming football season and that camp was going to begin as scheduled. He also pointed out the fact that the people of Johnstown needed something to lift their spirits and that the team could be that something if they had a good season.

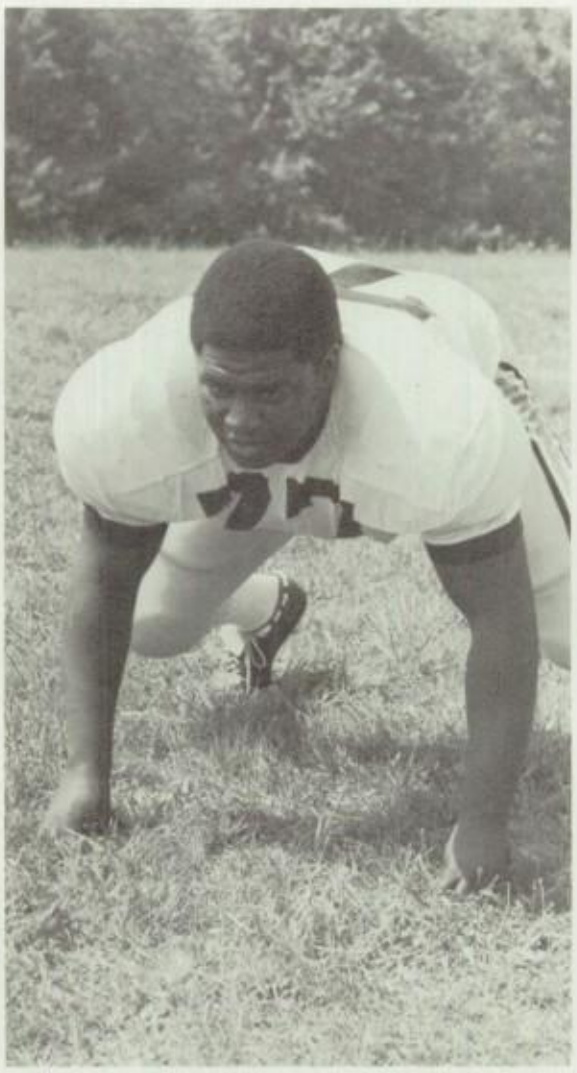
They left for camp on August 16. This was a chance for most of them to get away from all the muck, destruction, and stink of the city and move into the woods and fresh air of Pine Springs. For ten days, they could forget about all that was left behind and concentrate on football. Some of the highlights of this year's camp were going to other camps and scrimmaging, Parent Day, when everyone was stocked with food, and the sophomore rebellion the night before they left for home. It was all in fun, helped boost morale and amused the coaches.

But along with the fun came hard work, such as 6:30 A.M. practice, running the hill and waking up on those cold mornings. Although the team was glad to go home, they also felt a little sad to leave behind the companionship experienced in the past ten days.

The season had its ups and downs. The team was plagued by injury and some players had to play as many as four different positions. Each week the coaches would rearrange positions because of injuries to starting players. Although there were 19 returning lettermen, many inexperienced players had to substitute. Even though seven games were lost, most of them were close, proving the team's efforts and dedication were not in vain.



Dan Kanuch, noted for running over defensive backs, received honorable mention in the Foothills Conference. This year he rushed for over 700 yards.



Mike Brown, who anchored the defensive line for the last two years, was named as a first team defensive tackle in the Foothills Conference. He also received All-State honorable mention.

Jerry Unger, who played tight end, fullback, and linebacker this year, was selected as the *Tribune-Democrat* Scholastic Athlete and received All-State honorable mention.

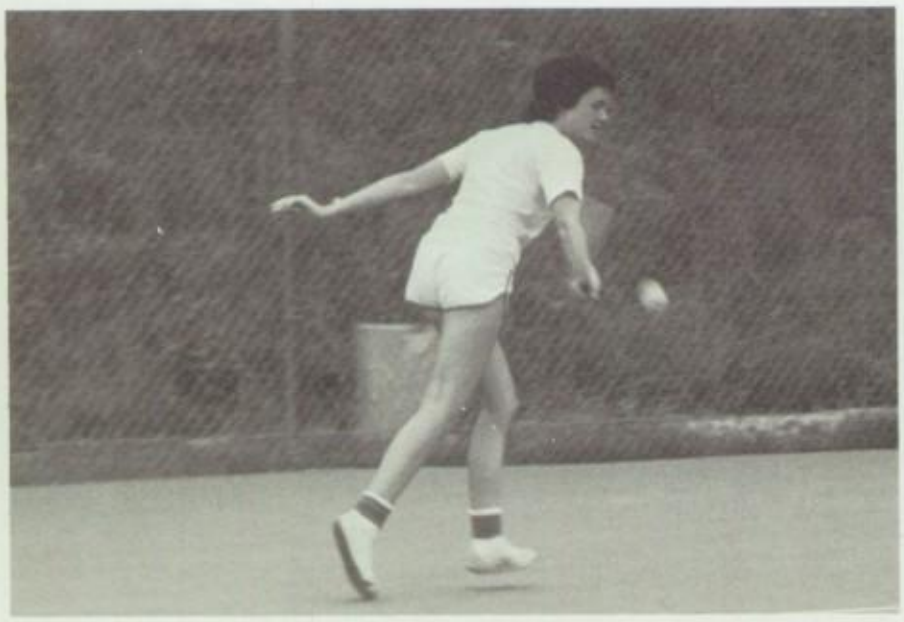
GIRLS GET INTO THE SWING



Mr. Ramirez, the girls' Tennis team coach, said, "In our first year of interscholastic tennis, the girls of Johnstown High had an outstanding fall season. The girls played well and finished second in the league with a 6-2 record."

In post-season play, the girls' tennis team was represented by Carrie and Cathy Cekella in the District 6 singles tournament in Altoona. Both girls played well. Carrie reached the quarter-finals before being eliminated.

In the District 6 doubles tournament, the team was represented by the teams of Stephanie Bergman, the only freshman on the team, and Becky Pavlick, and Carrie and Cathy Cekella. Carrie and Cathy reached the semi-finals before losing to the number one team from State College.

THE TROJAN EXPRESS

The "Trojan Express", alias the J.H.S. Cross Country Team, ended the 1977 season with a record of 7 wins and 3 losses. After stumbling for the first 3 meets the "Express" picked itself up and ran away from the rest of the competition, reeling off 7 straight victories. This year's team was anchored by three fine senior runners, Bob Cook, John George, and Tom Schuster. They also had excellent support from two talented sophomores, Harry Shaffer and Jerry Smith. The "Express" placed third at the All Conference Meet out of eleven teams. In district competition Robert Cook took 12th place and just missed going to states. Also in districts John George finished 22nd, Tom Schuster 23rd, Bernie Berger 34th, and Dan Smith 35th.

The Johnstown High Girls' Basketball team compiled a 4-12 record this season. When Coach Lois Huchel was asked what went wrong, she said, "There was nothing wrong with the team, it was just that we were struggling, due to the lack of experience. Actually, the '77 season was used to build experience in the players for the coming years."

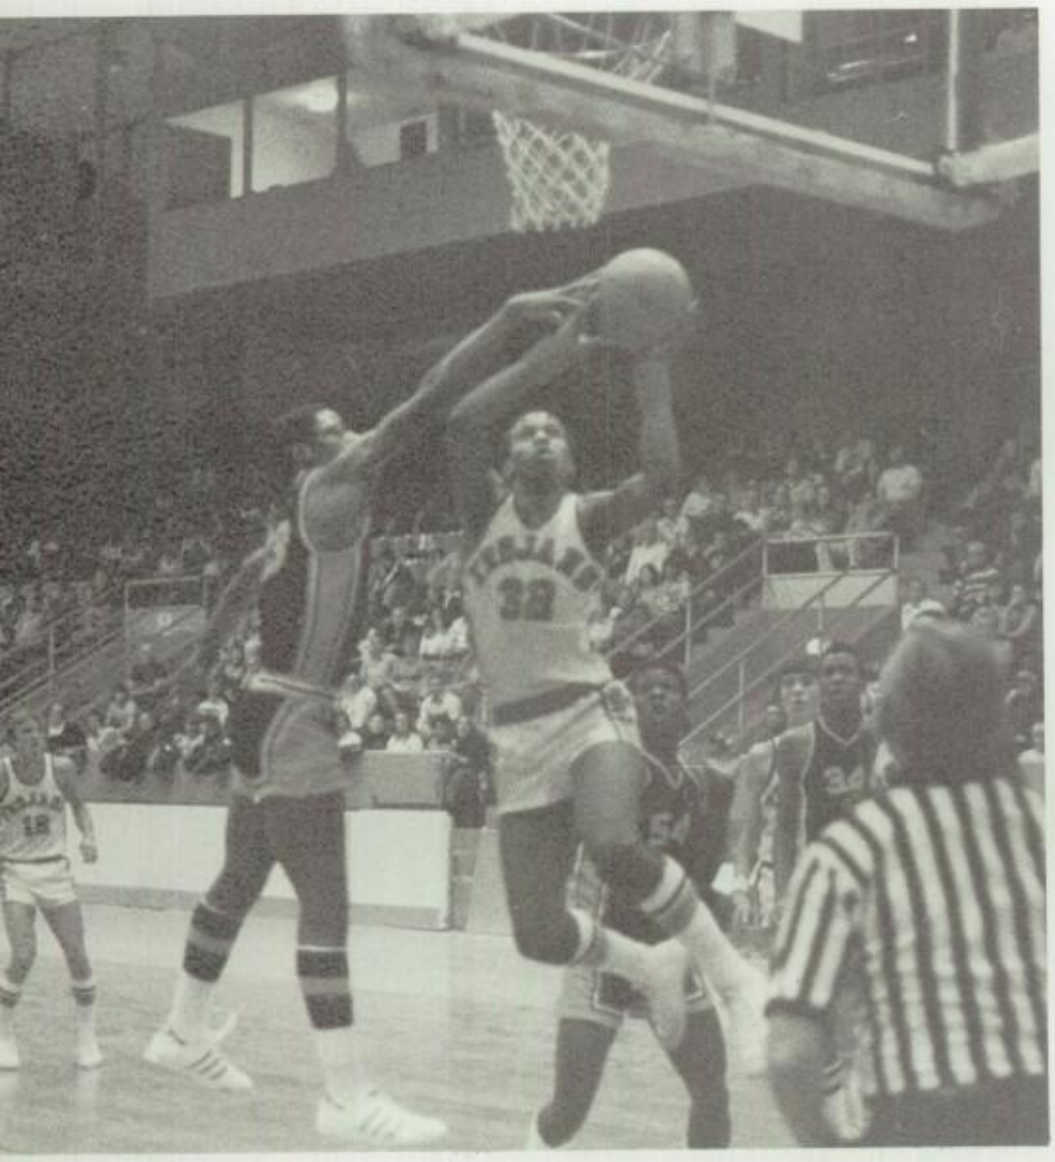
They may have had a better season if there had been more returning letter winners.

The only letter winners who returned this year were Cathy Stoy, this year's high scorer, and Pam Strihan, who has played for four years.

"You must also realize," Mrs. Huchel continued, "that the section we compete in is one of the toughest in Pennsylvania."

Mrs.Huchel, who coaches both the Varsity and Junior Varsity, said she was pleased with the total effort of the team which wasn't represented in the team record.

TAKIN' ON ALL COMERS



During the course of this season, the team lost a number of starters for various lengths of time. They included Perry Williams, John George, and Bruce Sanders. When the regular season ended, our hoopers were 10-10. But hopes of being district champs ended unexpectedly when the team was upset by Indiana in the first round of the playoffs.

Spring Fever

This year our boys' track team caught fire. They outran, outjumped, and outlasted almost all of their competition. Finishing 3rd in District 6 competition behind Altoona and State College, they sent 6 men to compete in State competition. The 6 men who participated in the state meet included the mile relay team of Marc Troutman, Dan Kanuch, Keith Clayborne, and Havert King, which set a new school record. The 2 fieldmen who represented our school were Vince Szczur and Tony Brown. Coach Wilson, who was a little wary at the beginning of the season, was very pleased at the way the seniors on the team led and the juniors and sophomores filled in. Coach Wilson named Havert King as outstanding track man, Vince Szczur as outstanding field man, and Marc Troutman as outstanding track and field man.

TROJAN GIRLS

The Girls' Track Team, coached by Kathy Horoho, completed an outstanding season with an 8-1-1 record. The girls also captured second place in the Greater Johnstown Invitational and placed third in the District 6 Meet. Senior sprinter Sheila Helsel qualified for the State Meet by placing first in both the 100 yard dash and 200 yard dash at the District 6 Meet, setting school records in each event.

Sheila Helsel sprints to victory in the 440 yard relay.

WHAT A

J.H.S. is very proud of its tennis team, which has been undefeated for the last two seasons. The coach of the team is Joe Ramirez, a teacher at Meadowvale Elementary School. He has brought much inspiration to J.H.S. tennis and has improved the program remarkably.

This season the team played 12 league matches. These include home and away matches with Westmont, Bishop McCort, Indiana, Bedford, Forest Hills and Vo-Tech. The schedule also includes exhibition matches with State College and Altoona High School.

In May, John Zemet, Jim Zemet, and Tom Schaffer competed in the District Six Singles Tournament in Altoona. The team also competed in the District Six Doubles Tournament in Altoona.

Jim Zemet and John Zemet, each two year lettermen, plan to play tennis at West Point.

The 1977-1978 season proved to be a trying one for the Trojan grapplers. This year's team was a young one. It included many sophomores on the starting lineup. The experience they got this season will prove invaluable to next year's team. Although the team record wasn't the best, there were some outstanding wrestlers. Leading the team was Jim Blank. He compiled an 18-0 regular season record and finished runner-up in districts. Robert Tisinger just missed going into the regional competition, losing by a referee's decision in the consolation finals in districts. His regular season record ended up at 9-3-2. Mike "Tank" Brown was another fine wrestler, finishing the season with an 11-4 record. The wrestling team this year was blessed with a new head coach. He is Dick Mock, who replaced Dave Weber.

The Johnstown High Baseball Team for '78 compiled a rather impressive record. Finishing the season with 7 wins and 3 losses was enough to insure a strong 2nd place.

The team played outstanding baseball despite the unpredictable weather which caused rained-out games and a mixed-up schedule.

The members of the 1977-78 Baseball Team are, *Front Row:* Thad Henry, Glenn Berkey, Rich Price, Tony Delic, Scott McClelland, Mike Dempsey, Jake Stofko, Mike Stumpo, Jim Ross and Dave Harrison. *Back Row:* Brian Woy, Scott Vickroy, Tony Brown, Bob Woloschuk, Matt Taylor, Dave Andrews, Don Stanton, Gary Symon, Bill Mihalik and Brian Bambino.

Among the Greater Johnstown Class of 1978 stood four outstanding athletes. Tony "Tank" Brown became only the fifth man in the High School's history to earn four varsity letters. "Tank" participated in wrestling and baseball in addition to playing defensive tackle for the football team and hurling a discus for the track team. Jim Blank anchored the 1978 varsity wrestling team. Jim combined speed with strength in maintaining an undefeated regular season record, advancing into the Districts, and eventually the Regional Competition, where he lost by decision. Jim and John Zemet were the two most highly-ranked members of the men's tennis team. Their brilliant play led the team to an undefeated season and the championship of their division. They also competed in State competition, faring well until they were defeated in second round action. These four men have done much to keep pride in the Trojan name.

Student Life

Only a life lived for others is a life worthwhile.

— Albert Einstein

'77-'78 was a big year for our J.H.S. cheerleaders. They captured 3rd place in the local War Memorial Cheerleading Contest in addition to giving unmatched support at all football and basketball games. They added something extra to our band by marching right along with them. In addition to playing a vital role in the Homecoming Activities, they staged numerous pep assemblies to boost school morale.

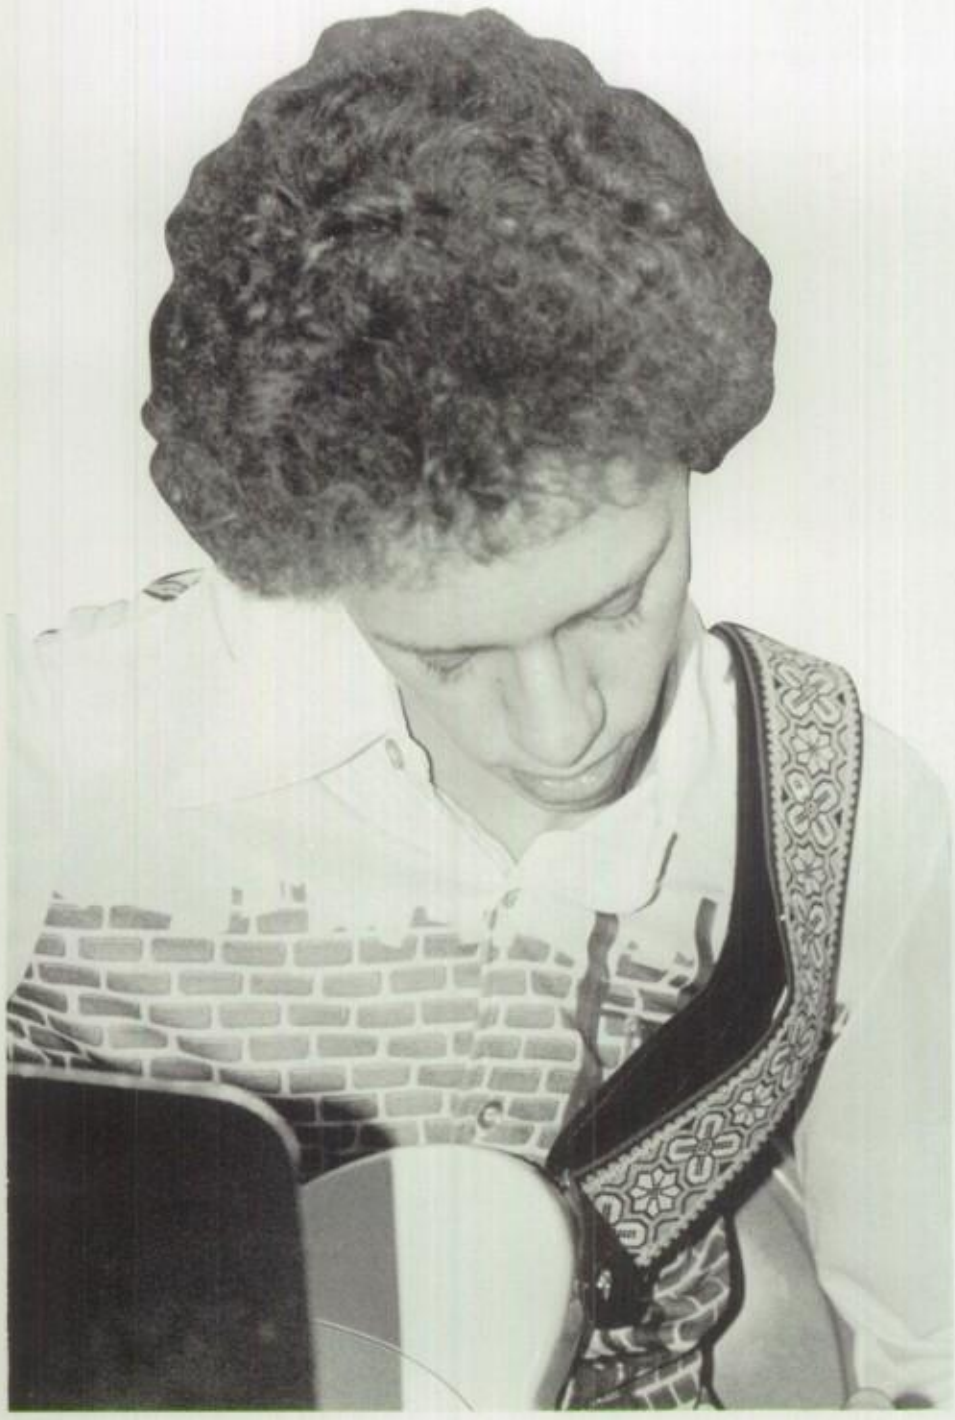
Advisors of the squad are Mr. Glyn Edwards, band director, Mrs. Nanette Edwards, and Miss Jolene Miklos. All the hard work really paid off, proving once again that J.H.S. is second to none.

STAGE BAND



The stage band, under the direction of Mr. W. Glyn Edwards, is a small musical ensemble which plays a mixture of jazz and rock oriented music. The group's performances scheduled for this year include the annual stage band festival, spring assemblies at the area junior high scools, a spring concert, and an Association for the Blind benefit Gong Show at St. Francis Church. *Below,* members of the stage band are, standing: Bill Kopco, Chuck Pfeil, Bill Marks, Tim Weyant, Terry Shook, Jerry Darr, Arlene Carolus, Dave Ryan, Rich Ditko, Bernie Berger. Stuffing For Dollars

On November 18 and 26 some students and teachers stuffed newspapers to raise money for the yearbook. Everyone was very energetic, until it was time to work.

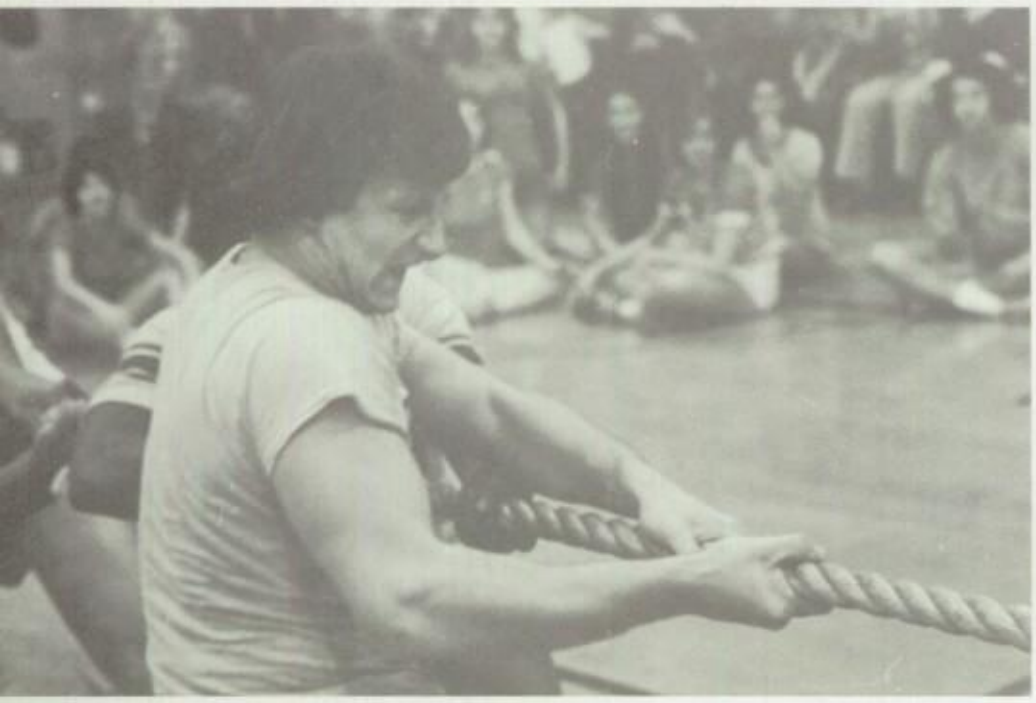
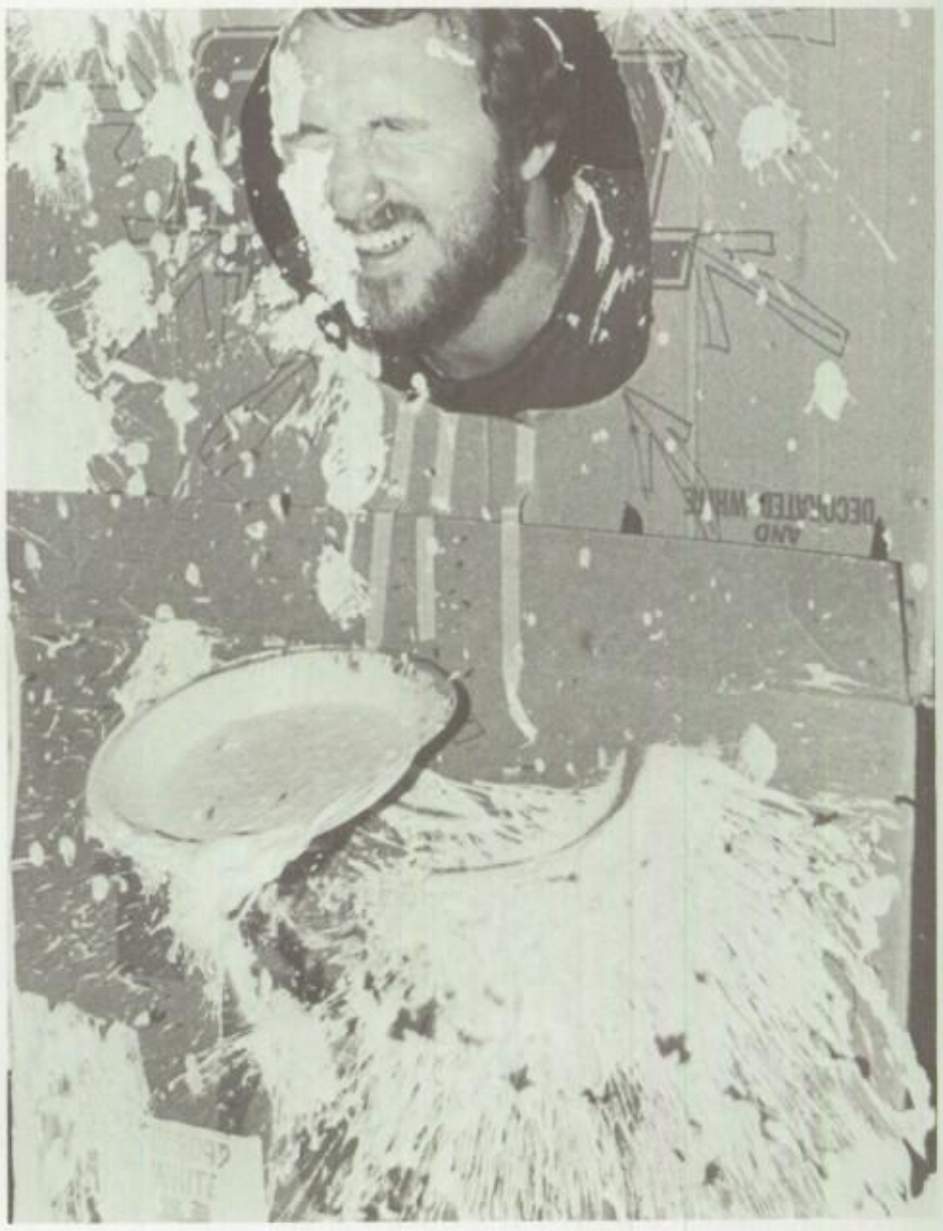
HOMECOMING

Homecoming '77 was expanded into a full week of activities. On Monday, October 10, Student Council opened the week with "Dress-Down- Day." The halls of J.H.S. overflowed with old jeans, T-shirts and tennis shoes. Wednesday, the big event was the "Battle of the Classes." Seniors came out on top, but not without a fight from the lower classmen. Thrusday, blue and black highlighted the attire of the student body and the day ended with a preview assembly of Friday night's dance music with a concert by Rider. Friday night's dance marked an evening of fun and suspense as the court was announced. *Below Left:* Members of the Homecoming Court and their escorts are: Renee Wills and John James, Debby Cooper and John George, Jenni Hockensmith and Scott Walsh, Queen Kelly George and Larry Cekella, Jody Hunter and Bob Long, Kim Friedel and Ivan Biss, and Valerie Andrews and John McDaniels. *Left: Kelly* and '76 Queen *Vicki Strandquest* embrace as Kelly is pronounced Queen. *Below: Kelly* and *Vicki* with escorts *Larry Cekella* and *Dave Santa* at the Homecoming halftime festivities. *Right: Rider* entertains while *Below Right: Mark Duray* dances to the music.

BATTLE OF THE CLASSES





On October 12, 1977, the Johnstown High School gym became a battle ground. Three armies assembled on the floor, armed with whipped cream, knee pads, bandaids and water balloons, and cheered on by a crowd of spirited spectators. This was the Battle of the Classes.

Part of the Homecoming Week activities, the Battle was successful not only in determining the strongest team, but also in reviving some of the lost school spirit. A well-represented Senior class cheered their team onto victory, while equally well-represented Junior and Sophomore classes watched their teams struggle, occasionally flourish, and finally succumb to the efforts of the seniors. For when the dust cleared, it was the seniors who walked away with the victory.

FIFTIES RETURN

On December 9, 1977, students took part in a "Fifties" Day sponsored by Student Council. The student body displayed many of the fashions which were in style over 25 years ago. Among these were T-shirts, leather jackets, rolled-up jeans, tennis shoes, long skirts, bobby-socks, and saddle shoes. Some teachers also joined in on the fun by dressing the way they used to when they were in high school.

Above Right: Secretaries *Roie Andolina* and *Carole Pinizzotto* were among the faculty members to dress in the style of the fifties. *Above: Robin George* wonders how *Chris Ciampa's* head can hold so much grease. *Below Right: Barb Dedianko* and *Larry Knipple* unwind at the fifties day dance. *Below:* How would you like to meet this gang in a dark alley? THINGS THAT GO BUMP IN THE NIGHT

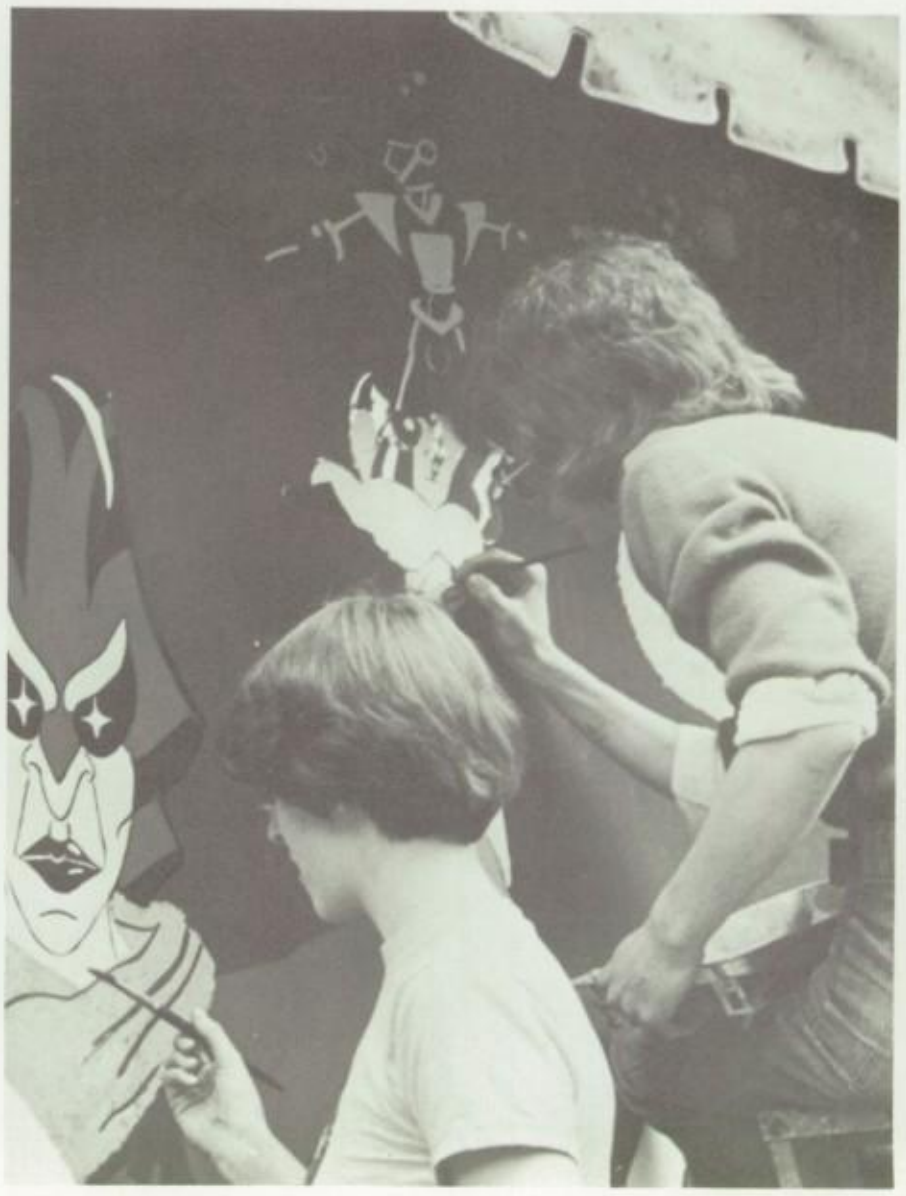
Halloween 1977 was an especially exciting event. There was the traditional parade, in which the Trojan Band took second prize. Marching to the tune, "Happy Days Are Here Again," the band members, dressed in T-shirts and boots, reminded us of our flood recovery. There was the window-painting contest at Glosser's. Johnstown's team took second prize with its creation, shown below. And traditionally, we all became festive again.



I Could Have

Winter at J.H.S. is, among other things, the time for various organizations' formal dances. The Pep Club held its annual formal on December third at the Sheraton Inn with entertainment provided by *Miss Delicious.* Pyramids Lounge hosted both the Band and Student Council Formals. The band met on December twenty-ninth with *Hot Gossip* providing the dance music. Student Council's outing was held February eleventh, dancing to the sounds of *Rampage.* And so we danced, and smiled, and danced some more.

5. *Mark Chatfield,* lead singer from the Godz, sings his heart out to a crowd of 5,000 fans.

SNOWBOUND!

Mother nature tossed a snowy blanket this year over a Pennsylvania still laden with an ice and snow quilt from earlier storms.

The overnight snowfall of 18 inches on January 20 was the most to accumulate in the district since December 12 of 1975 when up to two feet of snow fell.

Even the severity of winter 1977 had nothing to compare with this in the way of accumulation. The deepest snowfall of January '77 was 4 to 5 inches. which fell January 15-16.

School was cancelled more times this year because of snow than any other year in recent memory. The area was crippled by numerous snowstorms which paralyzed the district, forcing Governor Shapp to declare a "state of extreme emergency."

Despite all the snow and cold temperatures, the yearbook staff didn't let the bad weather affect them. Members of the staff bundled up and went outside, defying the elements, to hold their annual snowball battle.

Some Special People

As a graduate of Harrisburg Hospital, Mrs. Bea Schaffer has "nursed the injured" for 22 years here at J.H.S. Mrs. Schaffer has also taken part in other activities of the school, including being the Senior Class Advisor for twelve years and has been an advisor for Para-Medical Careers since she has been here.

In addition to her involvements in school, she has been active in the State and National Associations of School Nurses and she has attended the World Conference of the Organizations of Teaching Associations. In June 1978 she plans to present a book she has written of her experiences beginning school nursing.

As her school nursing career comes to a close, she wishes "Health and happiness" to everyone. *Left: Mrs. Schaffer* reviews the medical records.

Mrs. Manners, a home economics teacher, was on sabbatical for the first semester of the 1977-78 school year. She attended food workshops and traveled along the East Coast. *Above: Mrs. Manners* cookin' up something good.

Being Yearbook photographer for the past three years has provided me with many opportunities to go places and see things. This year I got a job at Cover Studio and was named Staff Photographer for WCRO Radio. Through my job at the station, I had some of my pictures published in national magazines. On these two pages are some of my favorite pictures from rock shows that were held at the War Memorial Arena. Hope you like them and they bring back some memories.

Promenade

Goodbye . . .
We say it and must mean it
Can't come back and start all over,
Like so many times before.
Freedom starts outside this door.

Goodbye . . .
It's the last time for these faces
To be together as we see them.
Friends and foes are only people
Why should it matter anymore?

Goodbye . . .
We've got to realize we are leaving
And hold tight to all those mem'ries.
For what else have we to cling to,
When our farewells are no more.

Goodbye . . .
Every person has a reason
Every thought has a beginning
Find yourself and find a reason
Find what Goodbye is really for.

Turn Around...

Look at where you are, and where it is you're going
Don't stop now
Just because the road looks hard and always winding
Time is scarce
To find your way because the world will not stop turning
Just for you
Turn around
Nothing's there to stop you, when you have direction
Hold on *tight*
You have come too far to lose on apprehension
Live *each day*
Taking that one step that leads to the unearthing
Of yourself
Turn around
All dimensions that have come and gone are changing
Life is vague
It is yours to grasp, and try to comprehend it
You are scared
Yet if you weren't, it would just show that your ambition
Isn't true
Turn around
Look for one last time at all you have accomplished
Go ahead
Falling not into the paths on which you've stumbled
It is yours
To laugh and love and live and die, for now's the time to
Turn around
